

Coating & Impregnation

fully autom. Film Applicator CUF

Fully automatic film applicator with hot air and IR- or UV- dryer

Laboratory Coater CU5 Basic

Compact table top unit for up to 5 different application methods

Laboratory Coater CU5 Online

Compact table top unit with the online module for roll to roll coating

Laboratory Coater CU5 Standalone

Standard laboratory coating unit as a standalone unit

Laboratory and Pilot Coater CU8

Standalone coating unit with expanded drying section and coating colour reservoir

Pilot Curtain Coater

Pilot- Curtain Coater for continuous or paper belt coating

Coating & Impregnation

Thread Coater FB5

Unit for impregnation and coating of threads

Laboratory Impregnating IU5

Automatic Laboratory impregnation unit with drying module

Size Press

Double sided size press for sheets

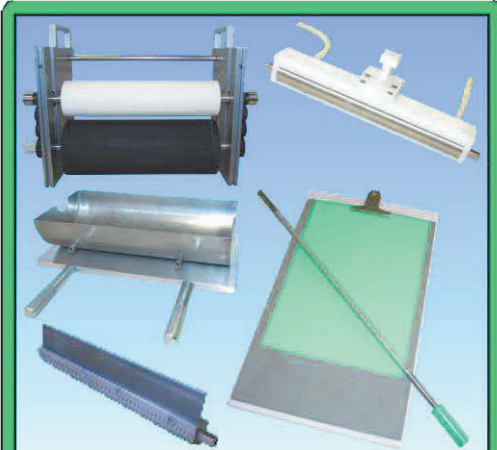

Size Press Online

Double sided size press with drying for rolls

Motorcoater MC5

Easy to use motorized film applicator

Accessories

Different accessories easy to change and quick to clean

Calendering & Embossing

Laboratory Calender CA5

Compact table-top unit for research, development and production

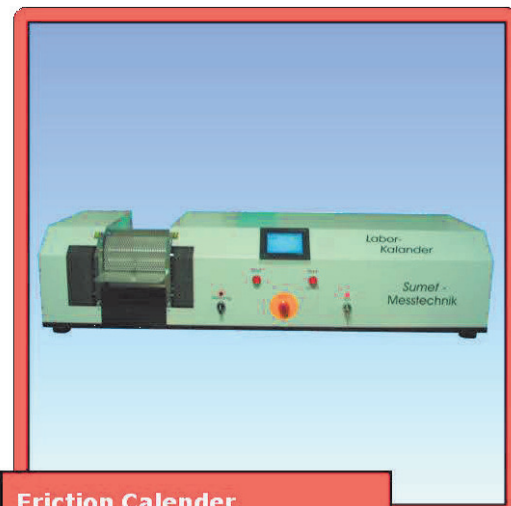

Laboratory Calender CA 5 Online

Table top unit CA5 with online module for roll to roll calendering

Standalone Calender CA8

Compact Calender CA8 in stand alone versions

Friction Calender

Calender units with the friction module to control the speed on the rollers differently

Lack Calender CA6

Laboratory calender for lacquer on packaging

Pilot Calender

Calender unit for dust-free and sterile environment out of stainless steel

Calendering & Embossing

Textile und Film Calender

Calender unit with conveyor belt supply for textile and non woven material, etc.

Calender CA9 w. Gap Control

Calender unit with gap control in different versions of accuracy

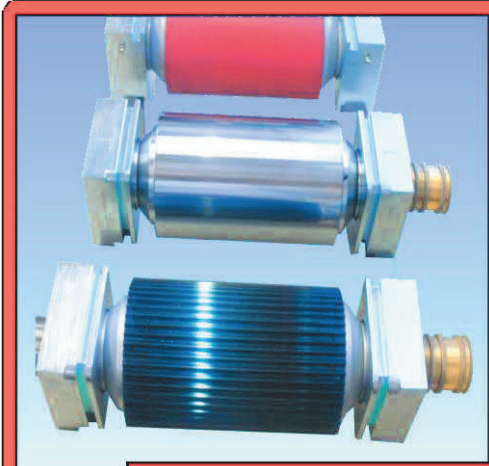

Productioncalender Battery

High accuracy gap calender unit for battery electrode material

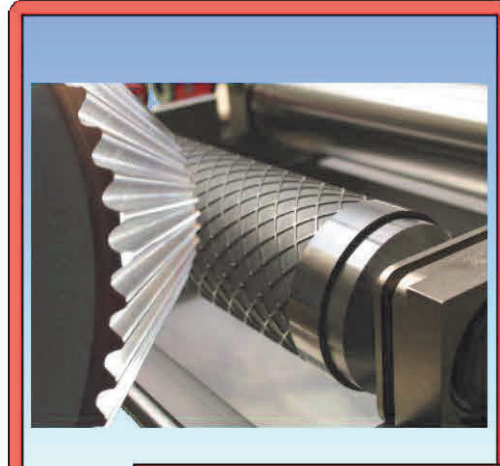

Production Calender

Production calender up to roller width up to 1.5 meter and roller diameter up to 1 meter

exchangeable Rolls

Easy changeable cylinder sets in different versions, materials and hardness

Embossing and Profile Rolls

Calender cylinder for the manufacturing of corrugated paperboard
